#DALLASOREGON

Welcome to Dallas

Dallas was settled in the 1840s on the north side of Rickreal Creek (in the area that is now north of Dallas) and was originally named "Cythian" or "Cynthiana." It is likely the name was chosen by Mrs. Thomas Lovelady, naming it after her hometown of Cynthiana, Kentucky.

In 1852, acting on a petition signed by a number of citizens, Dallas was renamed in honor of Vice President George Mifflin Dallas and the town was moved to the south side of the creek in 1855 or 1856 where water was more plentiful.

Dallas was incorporated as the Town of Dallas in 1874 and as the City of Dallas in 1901.

We are a regional center of culture, commerce, industry, education and government.

Dallas has many recreational treasures including 10 parks, a dog park and over 3 miles of creek trail. Among them is the beautiful 18-hole disc golf course meandering through our Dallas City Park and the bucolic trails found at the far reaches of the Arboretum.

Polk County's Baskett Slough Bird Refuge is home to thousands of birds that make their home there year-round. With great herons, mallard ducks and even nutria, this natural wonder is just a mile outside of Dallas.

Surrounding Dallas is a wide array of world-class Willamette Valley wineries. It is home to some of the most decorated wineries where you'll find everything from Chardonnay to Pinot Noir.

Dallas also offers upscale restaurants, live music venues and concerts, fine art, boutique shops, historic buildings and a downtown theater.
